

MARIA INÊS LIMA

Eager to learn and develop my skills, I've always been able to cope with multiple activities without compromising any of my academic goals, such as sports, arts, and some other activities, while also working. I am always seeking out new challenges and opportunities to grow both personally and professionally. I'm very into building my way into BLIP ahead of time, as I don't like wasting opportunities and I'm used to plan my steps in advance. I hope I have the chance to meet you all
